## WORLD DAY OF THE SICK

**February 11, 2022**

(Except of Pope Francis' Homily for the World Day of the Sick)

Thirty years ago, Saint John Paul II instituted the World Day of the Sick to encourage the people of God, Catholic health institutions and civil society to be increasingly attentive to the sick and to those who care for them. [1]

We are grateful to the Lord for the progress made over the years in the particular Churches worldwide. Many advances have been made, yet there is still a long way to go in ensuring that all the sick, also those living in places and situations of great poverty and marginalization, receive the health care they need, as well as the pastoral care that can help them experience their sickness in union with the crucified and risen Christ. May the Thirtieth World Day of the Sick – whose closing celebration, due to the pandemic, will not take place as planned in Arequipa, Peru, but in Saint Peter's Basilica in the Vatican – help us grow in closeness and service to the sick and to their families.

Dear brothers and sisters, to the intercession of Mary, Health of the Infirm, I entrust all the sick and their families. United with Christ, who bears the pain of the world, may they find meaning, consolation and trust. I pray for healthcare workers everywhere, that, rich in mercy, they may offer patients, together with suitable care, their fraternal closeness.

To all I cordially impart my Apostolic Blessing.
